Power	1450 W
Energy consumption	12 Wh
Energy consumption with E.S.M.®	3.5 Wh
Stand-by power	0 W
Weight	9.4 kg
Dimensions (W x H x D)	23.8 x 36 x 44.5 cm
Checks	CE Ⓢ
Colour	Metallic

Wide selection of specialities

Ingenious dual spout

Revolutionary fine foam technology

The direct route to enjoyment

ENA 9 One Touch

SWISS  MADE

The slim machine with a host of coffee specialities

The ideal line for people looking for a first, different or more advanced automatic coffee machine now has something extra to offer. ENA 9 One Touch, JURA's slimmest One Touch machine, makes latte macchiato and cappuccino at the touch of a button. It's perfect for smaller households who expect nothing but the best.

Wide selection of specialities

ENA 9 One Touch offers the full range of speciality coffees at the touch of a button. Using fresh beans and fresh milk, the model for first-time buyers with a genuine love for coffee even makes cappuccino and latte macchiato, topped with the finest, light-as-air milk foam. Of course, it makes the speciality you want at the touch of a button without the cup having to be moved.

Ingenious dual spout

For the first time in a household machine, the ENA 9 One Touch features a height-adjustable dual spout which adjusts to any height between 75 mm and 125 mm. The machine is easy to dismantle and clean. Two separate pipe systems for coffee and milk guarantee perfect results and hygiene.

Revolutionary fine foam technology

Another new development from JURA ensures a unique milk foam quality of a fine, feather-light consistency: fine foam technology.

The direct route to enjoyment

Because the buttons are clearly arranged and labelled, preparing a wide range of speciality coffees is extremely simple. The Aroma Boost function provides a natural, refreshing energy boost when you need it.
